

# Texans for Healthcare Access

## Supports Removing Barriers to APRNs

Texas' outdated laws prevent advanced practice registered nurses (APRNs) from providing health care to the full extent of their licensure and training. The delegation agreement adds to health care bureaucracy and red tape, takes time away

from patients, and comes with overhead costs for businesses and providers. Over half the country, the VA, and all branches of the military have repealed these laws to expand access to care to patients. **We urge Texas to do the same.**
